Name of the Book

Bio-Medical Physics, Nitrogen Laser Radiation

Writer

Dr. Devidas Kendre

Published by

Vanya Publications

Awas Vikas, Hanspuram,

Naubasta, Kanpur-208021

Mob. : 09450889601, 07309038401

Email - vanyapublicationskanpur@gmail.com

© Author

Edition : 2018

Price : 425/- (Four Hundred Twenty Five)

ISBN : 978-81-937960-6-1

Type Setting

Rudra Graphics, Kanpur

Printed by :

Deivine Digital Press, Delhi.

Content

1.	INTRODUCTION	07
2.	STUDY OF INTERACTION OF RADIATION WITH BACTERIA USING ABSORPTION SPECTRA	27
3.	INTERACTION BETWEEN NITROGEN LASER RADIATION AND BACTERIA	42
4.	CANCER DIAGNOSIS BY LASER INDUCED FLUORESCENCE SPECTROSCOPY	53
5.	CANCER DIAGNOSIS BY SYNCHRONOUS LUMINESCENCE SPECTROSCOPY	103
6.	SUMMARY AND CONCLUSIONS	136
	LIST OF PUBLICATIONS	141
	APPENDIX - A	143
	APPENDIX - A	144

Dr. Devidas Khushalrao Kendre, teaches Physics at Gramin (ACS) Mahavidyalaya Vasantnagar, Mukhed, Nanded Maharashtra State, as Head of the Department for last 29 years. Formerly he worked as Principal of Gramin (ACS) Mahavidyalaya Vasantnagar. He was also the Member of Board of Studies in Physics for two

terms and Member of N.S.S. Advisory Committee and Bahisyal Vyakhamala Swami Ramanand Teerth Marathawada University, Nanded. Currently he is the Member of Advisory Committee- Distance Education of Swami Ramamand Teerth Marathawada University Nanded. He had organized Two Days National Conference on Recent Trends in Physics and Laser Technology in the year 2009, and One day Workshop in Physics in 2014 and 2017. He has published papers in National & international Journal & participated, presented papers, in several National & International Conference.

Presently he is planning to Organize Student Solar Ambassador Workshop for students.
